NEW PATIENT QUESTIONNAIRE

When returning your completed form/s you will need to bring in photographic proof of identification, e.g. passport or driving licence. Please also bring in original documents to provide identification of your address, i.e. utility bill.

Parents of patients under age 16 are required to submit the child's birth certificate which will be photocopied so that parental responsibility can be noted on the child's record. If parental responsibility changes after registration it is the parent/s with responsibility duty to advise us.

Are you a patient who is not ordinarily resident in the UK? Please ensure you complete the reverse of the GMS1 form.

On registration you will be allocated a named GP, to find out who this is please contact the Practice 21 days after registering. If you have a preference as to who your named GP is, we will make reasonable efforts to accommodate your request. Please remember that although your named GP is responsible for your overall care, you are still able to see any GP of your preference.

ELECTRONIC PRESCRIPTION SERVICE

The Electronic Prescription Service (EPS) is an NHS Service. It gives you the chance to change how your GP authorises your prescription.

If you currently collect your repeat prescription from your GP you will not have to visit your GP practice to pick up your paper prescription. Instead, your GP will send it electronically to our local pharmacy Moors Pharmacy, or you can designate a pharmacy of your choice. You may not have to wait as long at the pharmacy as there will be time for your repeat prescriptions to be ready before you arrive. To authorise this process, please sign and date below - if this is not Moors, please advise the pharmacy name and address.

WEST MOORS VILLAGE SURGERY PATIENT INFORMATION LEAFLET

SUMMARY CARE RECORD SHARING SYSTEMONE RECORD SHARING

Introduction

This leaflet explains why we collect information about you, the ways in which this information may be used and who we may share this information with to help care for you.

Why we collect information about you and what records do we keep

To provide you with the best quality care possible, we must keep health records about you. These contain information about the treatment and support you receive which is recorded by the professionals who have been involved in your care. This may include:

- basic details about you such as address, date of birth, next of kin;
- any contact we have had with you such as clinical visits;
- notes and reports about your health;
- details and records about your treatment and care;
- hospital letters;
- results of x-rays, laboratory tests etc.;
- any other relevant information from people who care for you and know you well such as health professionals and relatives.

How we keep your records confidential

Everyone working for the NHS has a legal duty to keep information about you confidential and secure. To help us protect your confidentiality, it is important to inform us about any relevant changes that we should know about, such as change of address, telephone, change of personal circumstance.

All staff working in the practice sign a confidentiality agreement that explicitly makes clear their duties in relation to personal health information and the consequences of breaching that duty. Access to patient records by staff other than clinical staff is regulated to ensure they are only accessed when there is a genuine need to do so, such as when identifying and printing repeat prescriptions for patients, or when typing referral letters to hospital consultants.

How your information may be used

We will share information in your health record to allow health professionals to work together more effectively to ensure you receive the best quality care. You may choose not to share your information by completing the form at the end of this leaflet.

Summary Care Record

One of the ways of sharing your health information for your care is through the Summary Care Record (SCR). The SCR is available nationally to health professionals who may care for you. It contains important information about any medicines you are taking, any allergies you suffer from, and any bad reactions to medicines that you have had. Access to this information can prevent mistakes from being made when caring for you in an emergency, or when your GP practice is closed.

You can also ask for your SCR to include additional information about you, such as your current health conditions. This is known as an Enriched SCR.

We will only add information to your SCR with your consent; please complete the form enclosed with this leaflet to let us know whether or not you would like a SCR. You can change your mind at any time – just complete another form.

Further information on the SCR can be viewed at: <https://www.digital.nhs.uk/summary-care-records>.

SystemOne - GP Clinical System

Another way of sharing your information for your care is through the confidential electronic record system that we use in our practice, called SystemOne. This is used widely across the NHS and care organisations to keep accurate medical records about you. These records store important information about your illnesses and the care you have received in the past. Your record may contain information from different health and social care organisations such as a hospital, a minor injuries unit, or from a community care service such as district nursing.

Organisations can only access your medical record if you give them permission. For example, you may be working or on holiday in another part of the country and need care from a hospital or a clinic. Having access to your whole medical record will improve the care they can provide you.

How does this work?

You will need to give us your preferred mobile phone number or email address, which we will record on your medical record. This means that when another organisation asks to access your record, we can send you a verification (security code) which allows you to choose whether to let that organisation view your medical record or not.

If you already use the SystemOnline patient portal, then you can select organisations to allow or prevent them from accessing your records. If you do not have a phone or email address and don't use SystemOnline, then we will be happy to record your choices about which organisations you are happy to share your whole record with. When you receive care from organisations close to your home (Dorset), you will not usually need to give a verification (security) code because we work regularly with these organisations. However, you should still be asked for your consent to share.

Further information about SystemOnline and these sharing controls, can be viewed at: <https://systemonline.tpp-uk.com/2/help/help.html>.

Can I ask for my information not to be shared?

Organisations using SystemOne should only access your record when they are involved in giving you care. Whenever a professional from another organisation wishes to view your record, they will always ask for your consent. If you choose not to allow them to access your record, they will not be able to see any information. However, you should be aware that this could disrupt your care.

If you are a carer and have a **Lasting Power of Attorney for health and welfare** then you can decline on behalf of the patient who lacks capacity. If you do not hold a **Lasting Power of Attorney** then you can raise your specific concerns with the patient's doctor.

If you have parental responsibility and your child is not able to make an informed decision for themselves, then you can make a decision about information sharing on behalf of your child. If your child is competent then this must be their decision.

What do I need to do now?

After reading this information, note your decisions on the enclosed form and return to Reception. You can change your mind at any time, just complete another form.

Please contact reception if you have any further queries on how we use and share your information. They will arrange for a member of staff to contact you.

**WEST MOORS VILLAGE SURGERY
SUMMARY CARE RECORD SHARING AND SYSTMONE RECORD SHARING**

We strongly recommend that you allow other health professionals to access your medical record. The benefits to your care are immense:

Your Clinician will have a complete view of your medical history allowing accurate decisions to be made.

You will not have to explain your medical history countless times.

Your care will improve and unnecessary tests can be avoided.

Please complete the information below with your choices on sharing your data and hand to Reception:

Name: _____ **Date of birth:** _____

Signature: _____ **Date:** _____

If you are filling out this form on behalf of another person or a child, their GP will consider this request. Please ensure you fill out their details above and your details below:

Name: _____ **Signature:** _____

Relationship to Patient: _____ **Date:** _____

SYSTMONLINE – PATIENTS AGED 16 YEARS PLUS

ACCESS TO THE PATIENT RECORD

Systmonline is a 24 hour online service that you can use in your own time, day or night. With Systmonline you will be able to book and cancel appointments; request prescriptions for repeat medication; amend your address and contact details. You will also be able to view your Patient Record including details of your Medications, Allergies and Immunisations.

We are obliged to check your identity – photo and address – before accepting SystmOnline online registration requests. Once your email address and ID have been verified, the account confirmed and the PIN emailed to you, you will be able to register to access these details.

I WISH TO REGISTER FOR SYSTMONLINE AND HAVE ACCESS TO THE PATIENT RECORD

I understand that it is my responsibility to keep my account secure by keeping my log in details confidential and I will take precautions to protect my details including access via unsecured wireless connections or shared computers.

I understand that my registration may be removed if I constantly miss or cancel appointments at short notice.

I understand that I can terminate my account at any time by contacting the surgery.

I understand I can change my log in details by requesting this from the practice.

I understand I can change my password at any time via the SystmOnline site or by requesting this to be automatically sent from the practice clinical system – practice staff do not have access to SystmOnline passwords.

Terms and Conditions for Patient Online Access

- To apply for online access to the Practice's clinical system, patients must complete the form overleaf and return this form to the Practice or return this form with their registration pack. Photo and Address ID will be required. Vouching of patient ID is acceptable if photo and address ID are not available. Vouching will be carried out per the Practice policy.
- Applications are "one per patient". Acceptance of one member of a family does not imply acceptance of other / further family members.
- Applications for online access will be considered for patients who are under the age of 16.
- You can choose to let another person access your online account, for example members of your family or a carer. To do this safely, contact the administration team at the Practice.
- Where access is refused this will be advised to the patient in writing.
- Where a minor requests a change of password (perhaps to alter access) this will be granted at the discretion of the Practice.
- Patients with a history of non-attendance at pre-booked appointments (without cancelling) will not normally be granted access to on-line appointment booking, however the remainder of the facilities will be considered.
- Appointments booked online are to be cancelled by the patient as soon as it is determined that it is no longer required.
- The Practice will not allow misuse of the online system and will monitor usage by individual patients. Where it is considered that a patient is misusing the system or is acting in a way detrimental to the availability of the appointment system, or other facilities, a warning letter will be issued. Where the situation does not improve, or recurs, access will be removed permanently and without further notice, at the discretion of the Partners.
- Repeat prescriptions may only be ordered where these appear on the repeat list, which is provided to patients on the tear-off portion of the last prescription issued. The request must match the repeat list exactly and must be due. Other items ordered or requested using this facility will not be actioned, and no contact will be made with the patient. Prescriptions ordered outside this guideline must be via reception staff but not by telephone.
- Personal Information updating is subject to validation after submission.
- Approved access requests will be notified along with access instructions.
- Requests for reissuing of access log-in details will be responded to via contact to the Practice.
- If you change surgeries, you will need to register again for online services at your new surgery.
- You can choose to stop using online services at any time by informing the Practice.

West Moors Village Surgery

Patient Representative Group

We're setting up a patient reference group to give us feedback on the range and quality of our services and to tell us where we can improve.

Our aim is to reach a wide range of patients, so we get views from across our population. To make it as easy as possible for you, it will be a virtual group. This means most of the communication will be through email and completing online surveys. However, we'll make sure those without internet access can also take part.

What will be involved?

The main role of the group is to give feedback through a survey. It asks patients a series of simple questions about how we are doing.

We want to pose the right questions, so the group will be asked to tell us what questions we should be asking. We will then publish the survey results along with our proposal to improve the areas it highlights as in need of change. You will have the chance to let us know if you agree with our plans. At the end of the year we will publish the results of our achievements.

What will I have to do?

If you are interested in helping us to improve, please ask for more information at reception.

Thank you in advance for your help.

West Moors Village Surgery

West Moors Village Surgery **Patient Representative Group**

Frequently asked questions:

Q. Why are you asking people for their contact details?

A. We want to talk to people about the surgery and how well we are doing to identify areas of improvement

Q. Will my doctor see this information?

A. No. It is purely to contact patients to ask them questions about the surgery and how well we are doing. Your doctor will only see the overall results.

Q. Will the questions you ask me be medical or personal?

A. General questions about the practice, how we are providing services and what we can do to improve them.

Q. Who else will be able to access my contact details?

A. No one beyond this practice.

Q. How often will you contact me?

A. Not very often, a few times a year.

Q. What is a patient representative group?

A. It is a group of volunteer patients who are involved in shaping the services to patients.

Q. Do I have to take part in the group?

A. No, but if you change your mind, please let us know.

Q. What if I no longer wish to be on the contact list or I leave the surgery?

A. We ask you to let us know if you do not wish to receive further messages.

Q. Who do I contact if I have further questions?

A. Please contact reception or email us at wm.gp@nhs.net and someone will contact you with more information.
